

Return to Play Phasing

1. Sites have to be in each phase for at least 2 weeks prior to requesting to move to the next phase.
2. Sites have to adhere to any local ordinances. (Example: Dane Co only allows for groups of 25 so any Dane Co agencies will max out at 25 participants for Phase 2).
3. If COVID-19 conditions change, SOWI can move some or all sites back phases including to Phase 0 (all virtual).

Proposal Process

1. Site will email the Young Athletes Manager to propose moving to the next phase. The proposal should include:
 - a. When did they start practicing?
 - b. Where do they practice?
 - c. Description on how they do the athlete screening/check-in process.
 - d. How are current phase protocols being followed?
 - e. Why would they like to move to the next phase (numbers of participants at one practice site)
 - f. What changes are they planning on making to accommodate the next phase?
2. Questions it would be nice to know for best practices:
 - a. What has worked for you during your current phase?
 - b. What challenges have you faced during your current phase?
3. The Young Athletes Manager and a group of at least 2 SOWI sports staff will review the proposal looking at:
 - a. Agency proposal
 - b. Department of Health Services Activity Chart
 - c. County Health information
 - d. Risk Chart
4. Committee will respond back within 2 business days with one of the following answers:
 - a. Approved to move to next phase
 - b. Approved to move to next phase with modifications to the plan
 - c. Denied to move to the next phase with reasons/modifications to the current plan
